Objective

Detail-oriented Computer Engineering graduate with strong technical knowledge in Java, Spring Boot, React.js, MySQL, OOPs, Data Structures, and software development principles. Strong problem-solving ability, communication skills, and adaptability with a keen interest in Agile development and building efficient, scalable applications.

Technical Skills

Programming Languages: Java, C++, JavaScript, SQL

Frontend: HTML5, CSS3, Bootstrap, React.js

Backend: Spring Boot, Hibernate, JPA, REST APIs

Database: MySQL, Database Design, CRUD Operations, SQL Queries

Concepts: OOPs, Data Structures, Algorithms, File Handling, SDLC, Agile Scrum, MVC

Tools: Git, GitHub, Maven, Eclipse IDE, VS Code, Postman

Cloud: Cloud Computing Fundamentals, Azure Fundamentals

Education

S.N.D. College of Engineering and Research Center, Yeola

Aug 2021 - Jun 2025

B.E. in Computer Engineering

CGPA: 8.65/10

Relevant Coursework: Object Oriented Programming, Databases, Data Structures and Algorithms, Operating Systems, Computer Networks, Machine Learning, Data Mining, Information Retrieval, Image Processing

Swami Muktanand Junior College, Yeola

Jun 2021

Higher Secondary (12th)

Percentage: 83.83%

Swami Muktanand Vidyalaya, Yeola

Jun 2019

Secondary (10th)

Percentage: 80%

Project

SkillOrbit – E-Learning Management System

Aug 2024 - Jun 2025

Technologies: Java, Spring Boot, Hibernate, JPA, React.js, MySQL, REST APIs, Git, GitHub

GitHub: github.com/pagaregayu/SkillOrbit

- Developed a full-stack e-learning platform enabling user registration, login, course enrollment, profile management, and secure authentication.
- Built responsive user and admin dashboards using React.js for course management, student tracking, notifications, and content administration.
- Designed and implemented RESTful APIs using Spring Boot, Hibernate, and JPA to handle business logic and database interactions.
- Integrated MySQL database for managing users, courses, enrollments, assessments, and learning records.
- Implemented CRUD operations, form validation, SDLC principles, and Agile development practices.
- Utilized Git and GitHub for version control.

Internship

Paarsh Infotech Pvt. Ltd, Nashik

Dec 2023 – Jan 2024

Web Development Intern

- Developed and maintained responsive web pages using HTML, CSS, JavaScript.
- Assisted in backend integration and API handling using basic Java.
- Worked in Agile environment and collaborated with development team for project delivery.
- Improved UI performance and fixed frontend bugs during development cycle.

Certifications

- Java Programming – NPTEL
- Full Stack Development –The Kiran Academy

Achievements

- Solved 200+ Data Structures and Algorithms problems.
- Participated in technical events and workshops to enhance programming and problem-solving skills.
